## Tele-computing Access and Services to Schools

**6700**

It shall be the policy of Educational Service Unit 2 to encourage all member schools; and to make reasonable efforts to assist member schools; to avoid access to telecomputing services and equipment of ESU 2 in a manner which is a violation of the mission of ESU 2.

ESU 2 shall not directly grant any user applications to anyone except a member school or public entity serving the general public. ESU 2 shall not grant service to any commercial applicant.

It shall further be the policy of ESU 2 to provide access to member schools to tele-computing resources, services, and training. It is expressly the policy of ESU 2 to refrain from, in any manner, regulating or attempting to regulate any member school.

It shall further be the policy of ESU 2 to provide full authority to the ESU administrator or designee to maintain such oversight of access to use of tele-computing resources of the ESU; and to take any action as the administrator may deem necessary if, in the sole discretion of the administrator, the tele-computing resources are being degraded, compromised or otherwise rendered less useful.

Such remedial action may include but shall not be limited to the discontinuation of service and access to the tele-computing services of ESU 2.

Date of Adoption:

09-17-2001
